

TECHNICAL SKILLS AND INTERESTS

Languages and Framework: Java, Dart
State Management Libraries : Bloc , Getx, Provider,
Tools and Databases: Gradle, Spring Boot, Git, Github, MongoDB, Firebase, MySQL
Soft Skills: Leadership, Team Management, Problem Solving, Self-learning, Presentation, Adaptability

EDUCATION

- Computer Science, B.Tech

Dr. A.P.J. Abdul Kalam Technical University, UP

2022-2026

CGPA: 8.2
- ST. Joseph’s Academy, ISC

Ghaziabad

2020-2022

GPA: 9.2

OPEN SOURCE CONTRIBUTIONS

- Flutter

164k+ starred repo

– Autocomplete don’t hide options when keyboardDismissBehavior: ScrollViewKeyboardDismissBehavior.onDrag on desktop 150317

– [DropdownMenu] providing a focusNode, the text cursor is lost after disabling the widget and enabling it again 152478

– Most error messages in gradle errors.dart assume a unix like path separator/environment 136763. [Merged]

PERSONAL PROJECTS

- ABES Sync | 800+ Downloads

Automated Wifi Login Windows Application.

– Developed and launched ABES Sync, a Windows application for seamless college Wi-Fi access, achieving 800+ downloads; eliminated manual login process, reducing student login errors and connection time by 90%

– ABES Sync saves over 3,00+ minutes (approximately 5 hours) per month, significantly boosting operational efficiency as each user logs in once daily.
- Swasthya Setu | 8+ Stars

Swasthya Setu enables affordable online bookings, ensuring medical access for all.

– Swasthya Setu helps smaller clinics and less-famous doctors to increase their patient base. It provides a platform for these medical professionals to reach out to more patients, enhancing their visibility and credibility.

– Doctors can also send patient reports directly through the app, streamlining the communication and documenta tion process.
- Achyuta

Won SIH Internal (College level, 150+ teams) | Android App with integration of Google ML Kit

– Intuitive and easy-to-use interface allowing farmers to input data, view predictions, and access personalized recommenda-tions.

– Ensures that crop recommendations are based on accurate and up-to-date soil health data.

EXPERIENCE

- Technical Writer Intern, (Remote)Geeks For Geeks, IN

Dec. 2023 - May 2024

– Produced technical documentation consisting of step-by-step tutorials about integrating specific plugins into existing appli-cations using Flutter; directly supported on boarding processes for more than ten new software engineers each month.

POSITIONS OF RESPONSIBILITY

- Vice President
